

# One Degree Away from Patient Care

## Healthcare

With a proven track record serving providers and payors, we help healthcare organizations fully ramp up with critical Workday solutions. From award-winning healthcare innovation to driving system-wide transformation, we deliver insights and tools to tackle challenges like clinician burnout, rising labor costs, and operational inefficiencies.

### Sub-Industries

#### Acute Healthcare

We help for-profit and non-profit healthcare organizations address workforce shortages, operational complexity, and financial sustainability to enhance care delivery.

#### Non-Acute Healthcare

Our expertise helps non-acute providers tackle resource constraints, compliance demands, and evolving care models to improve patient outcomes.

#### Payors

We understand the distinct challenges of managing member services, risk, compliance, and financial operations that payors face.

### Where We Stand Apart

#### Deep Healthcare Expertise.

We tackle complex challenges across supply chain, HR, finance, and EHR management.

#### Tailored Workday Solutions.

Our customized approach optimizes operations for hospitals, providers, and payors.

#### Seamless Technology Integration.

We collaborate with leading vendors to enhance system performance and efficiency.

#### Proven Change Management.

We help organizations navigate transformation while minimizing disruption and maximizing impact.

#### Supply Chain Resilience.

Our solutions reduce disruptions and improve resource planning for better patient care.

#### Workforce Optimization.

We streamline HR processes to address labor shortages and rising costs effectively.

## What our Clients Value

We are committed to excellence and are the dedicated team that will support you throughout your journey. Don't take our word for it; hear from some of our customers.

### Trust

*Should my staff not be able to address something, or should the staff be over-utilized, I always know that CrossVue will be behind my folks, so when we need help, guidance, or best practice recommendations, we get it immediately.”*  
- Director level | June 2024

### Depth of Expertise

*The staff and consultants from CrossVue are all very technically savvy. They understand not only our EHR but also our business and how we use the system. They go in and look at our system before they even engage with us to make sure that they understand what the issue is. In most cases, they actually come up with solutions before we even have an initial call.”* - Director level, June 2024

Customer commentary from KLAS Research
